PROJECTS

3D Printing Activism Mar 2015 - Jun 2017
Commissioned - zBrush

- Commissioned by Morehshin Allahyari of the Autodesk Pier 9 Program to replicate statues destroyed by ISIS at the Mosul Museum in Iraq.
- Specific responsibilities involved looking at reference images of the pieces prior to their destruction and replicating form and detail by sculpting the whole statues from all angles as accurately as possible.
- Design book cover and add 3D turntables for a PDF version of the 3D Activists Cookbook.

3D Additivist Cookbook Sep 2015 - Dec 2016
Commissioned - zBrush, Maya, Acrobat 3D

- Commissioned by Morehshin Allahyari of the Autodesk Pier 9 Program.
- Design book cover and add 3D turntables for a PDF version of the 3D Activists Cookbook.

Sustainability Project Jan 2015 - May 2016
Team Project - Maya, Photoshop, After Effects, Coda 2, Unreal Engine

- Transformed board game by the company Lab Aids into full 3D interactive environment concept to help make more accessible for students.
- In charge of designing 2d concepts, making 3D assets and programming interface settings for the online game idea.
